ENGINEERING SAFETY CONSULTANTS

Expertise in Functional Safety Training & Workplace Safety
Education

OUR VISION

To set the highest standard in Health, Safety, and Environmental consulting by consistently delivering exceptional quality and innovation.

MISSION

Providing sustainable, economical, and HSE-workable solutions for lasting impact

OUR CORE VALUES

Honesty *above all else*

Commitment *to keeping our promises*

Dedication *to going the extra mile*

STATEMENT OF SERVICE

Engineering Safety Consultants (K) Limited delivers high-quality, efficient, and sustainable solutions in the fields of Quality, Health, Safety, and Environmental (QHSE) services. Our approach is hands-on, with a strong emphasis on helping our clients meet all legal and statutory obligations under the Occupational Health and Safety Act and related regulations.

We support our clients through the development of comprehensive Health & Safety documentation, provide expert advice on onsite compliance requirements, and deliver customized solutions tailored to address specific Health & Safety challenges.

As consultants, we serve the interests of both employers and employees by adopting a holistic approach to workplace safety. Our goal is to integrate Health & Safety into the core of our clients' organizational structures and business priorities, fostering a culture where safety is not just a compliance requirement but a fundamental value.
